even better

SCHNEIDER SCHIRME

Your competent & reliable partner

Annex building adding 6,000 sqm of space to the company headquarters in Mengen - occupied since February of 2022

Outstanding quality, fair prices

The brand “Schneider Schirme” embodies carefully selected materials and an attractive design.

These characteristics ensure that our products will always operate flawlessly. Various institutions have consistently attested to this quality over the years.

Rooted in the region, connected world-wide

Investments in our production and storage facilities in the south of Germany and the expansion of international relations are key contributors to our success and guarantee optimal merchandise supply.

The commitment to our home location, quality and customer proximity is as strong as ever.

More than 150 years of experience

Established in 1868, our company is owned and operated in the 5th generation and has always managed to adapt to the needs of the times. This know-how and experience have made us one of the market leaders in Europe.

Effective UV protection

Since responsible protection against UV radiation has been a great concern of ours from the start, all of our parasols are always certified in accordance with international standards.

Complete line for every need

Whether you need standard, large, restaurant or professional parasols, in small or large quantities, single-colour or printed, Schneider Schirme is your ideal partner.

Eye-catching displays at the POS

With sales displays for parasols, shade sails, accessories and parasol stands, we support retailers in their presentation of our products at the point of sale.

SCHNEIDER SCHIRME

2024
Production of large professional parasols is added

2022
Completion of the annex building

2011 + 2014

Parasols for SWIMMING LAKE, OUTDOOR POOL & BEACH

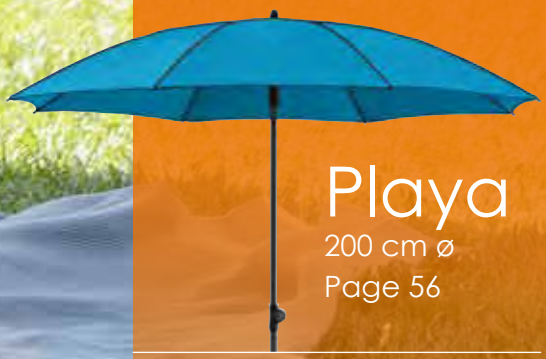

With the SUNNY range, we offer a selection of colourful parasols for carefree days by the water. Compact, easy to use and equipped with practical accessories, they are the ideal companions for swimming lake, outdoor pool & beach and holidays. All SUNNY products are manufactured to high quality standards and combine reliable functionality, everyday comfort and a fresh, summery design.

The "SUNNY "sales display

The Schneider SUNNY sales display presents the range (pages 54–57) in a clear and appealing way – designed to attract attention and encourage sales. It is ideal for the product display area, secondary placements or checkout zones.

SCHNEIDER
Accessories

A PERFECT addition:

The practical accessories ensure secure support of your Schneider parasols wherever they are used. Schneider parasol accessories, like all other Schneider products, are carefully inspected for quality and workmanship.

The new standardised packaging enhances the appearance to boost sales at the point of sale.

Universal mounts

Installation on one of the mounts requires that the rotary plate (see detail images) be directly screwed onto the selected mount using the screws (M8x20) that have been included with the parasol. There is therefore no need for the cross base. You can store the base and use it as needed if you change locations temporarily.

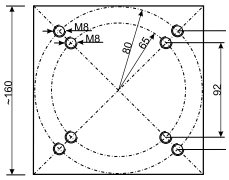

The elimination of the cross base reduces the overall height of the parasol by about 5 cm.

Our tip: Before you use one of the mounts listed, we recommend that you first use the parasol with the included cross base for a few weeks, in order to determine the ideal location for your parasol.

Suitable for

- Rhodos Junior series
- Solana
- Marena
- Rhodos
- Rhodos Smart
  (except universal wall console)
- Rhodos Twist series
- Rhodos Grande
  (universal ground plate + universal wall console only)
- Rhodos Rondo
- Pole for shade sail
  (except universal ground stake)

Hole pattern:
Dimensions in mm

Universal wall console

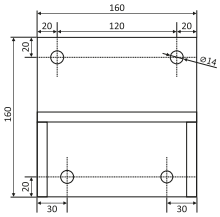

For installation **on the wall**

For installation on walls, hot galvanised, mounting plate ca. 20 x 16 cm, great stability, space-saving installation option, size: 21 x 16 x 16 cm

Suitable for the parasols listed above, depending on the height of the wall and the fastening point of the universal wall console.

Hole pattern
for universal wall console (mm):

Art. no. 4003-0001

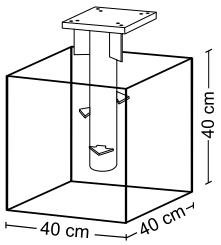

Universal ground plate

To be set in concrete

To be set in concrete,
hot galvanised,
mounting plate ca. 16 x 16 cm,
total height ca. 40 cm

Minimum dimensions for the concrete foundation:

Art. no. 4000-0001

4 000570 081603

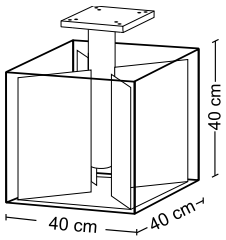

Universal ground anchor

For anchoring in the ground

For anchoring in the ground*
or setting in concrete,
hot galvanised,
mounting plate ca. 16 x 16 cm,
total height ca. 45 cm

* Only in undisturbed topsoil!
Not suitable for sandy or stony soils!

Art. no. 4001-0001

4 000570 081610

Universal ground stake

For anchoring

For anchoring*, hot galvanised,
mounting plate ca. 16 x 16 cm,
total height ca. 55 cm,
anchoring tool included

* Only in undisturbed topsoil!
Not suitable for sandy or stony soils!

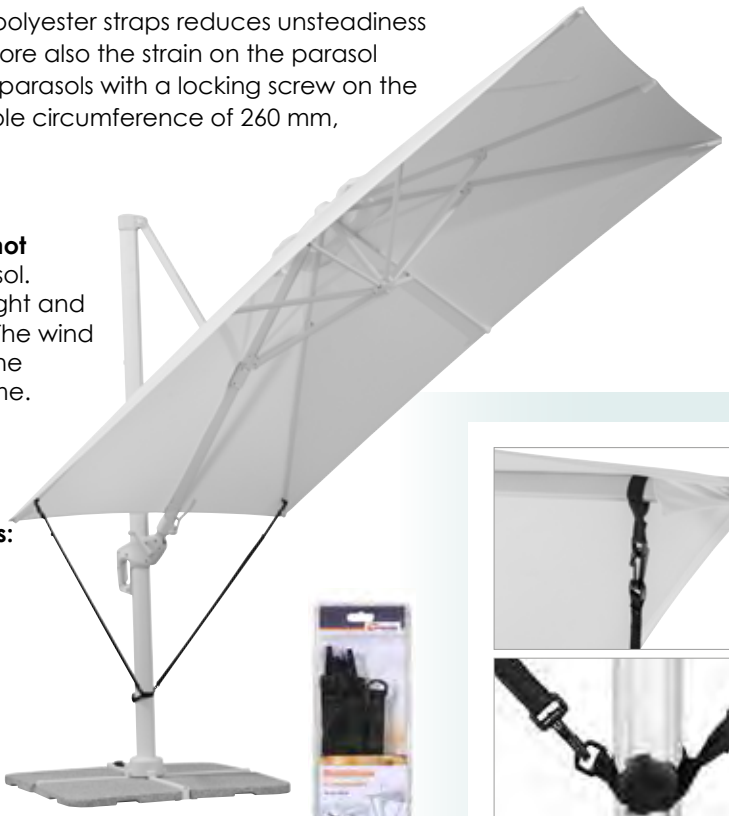

Art. no. 4002-0001

4 000570 081627

Hanging parasol wind stabiliser

This wind stabiliser made of robust, black polyester straps reduces unsteadiness of the parasol caused by wind and therefore also the strain on the parasol frame. It can be mounted on all hanging parasols with a locking screw on the lower part of the pole and a maximum pole circumference of 260 mm, without the use of tools.

IMPORTANT:
The hanging parasol wind stabiliser does **not** increase the stability of the hanging parasol. The stability depends primarily on the weight and the size of the parasol stand that is used! The wind stabiliser only reduces the movement of the canopy and the strain on the parasol frame. The hanging parasol should always be closed in windy conditions.

Suitable for the following hanging parasols:
- Solana • Marena • Rhodos
- Rhodos Smart • Rhodos Twist series
- Rhodos Grande • Rhodos Rondo

Scope of delivery:
1x pole fastener
2x rib fasteners
2x tie-down straps

Art. no. 4313-0005

4 000570 313001

Packaging unit: 6 items

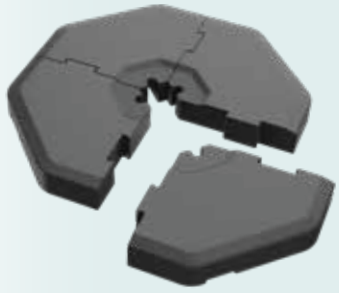

Slabs for hanging parasols

Slabs suitable for cross bases of hanging parasols. For filling with water from the side. Filled 100 kg and therefore suitable for hanging parasols. Walkable! The interlocking design creates a continuously connected unit. Overall height of the parasol is about 5cm higher.

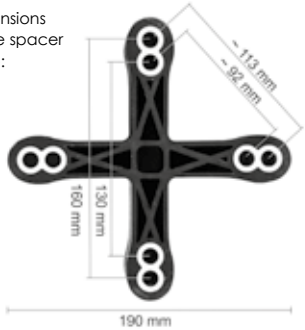

Suitable for our parasols:
- Rhodos Junior series • Solana
- Rhodos Smart • Rhodos Twist series
- Rhodos Rondo

1 set consists of 4 elements.
Total size ca. 111 x 111 x 12 cm
Empty weight: ca. 12 kg/set

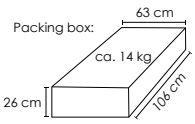

Dimensions of the spacer plate:

Art. no. 4312-1503

4 000570 312158

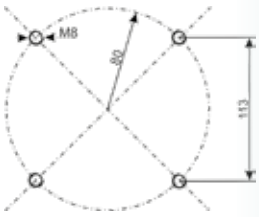

Parasol stand for hanging parasols, mobile

Sturdy frame of powder-coated steel with foot pedal for raising, anthracite grey plastic cover,
4 PU-coated steering rollers, 4 plastic tanks for filling with sand and/or water, total weight ca. 110 kg (with sand) or ca. 90 kg (with water),
overall height of parasol is about 15 cm higher.

Suitable for our parasols:

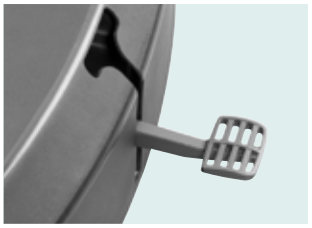

- Rhodos Junior series
- Solana
- Marena
- Rhodos
- Rhodos Smart
- Rhodos Twist series
- Rhodos Rondo

Hole pattern for mounting the parasol holder.
Dimensions in mm:

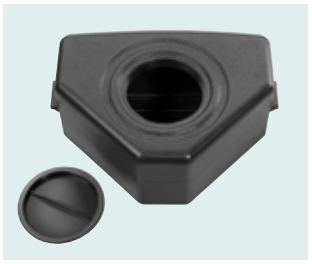

Parasol not included

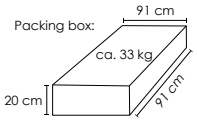

Ready to move when foot pedal is pressed

Plastic tanks and rollers

Plastic tank for filling

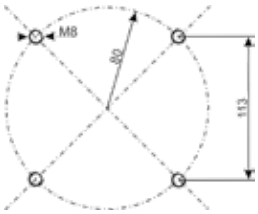

Art. no. 4319-1503

4 000570 319157

Steering bar for mobile stands for hanging parasols

Allows effortless movement of the mobile hanging parasol stand by mounting between the rotating plate of the parasol and the mounting plate of the parasol stand.
Rod is collapsible.
Can also be retrofitted in existing hanging parasol stands (Art. no. 4319-1503).
Can also be used with other mobile parasol stands with a suitable hole pattern.

Hole pattern for mounting.

Parasol holders Foxi and Maxi

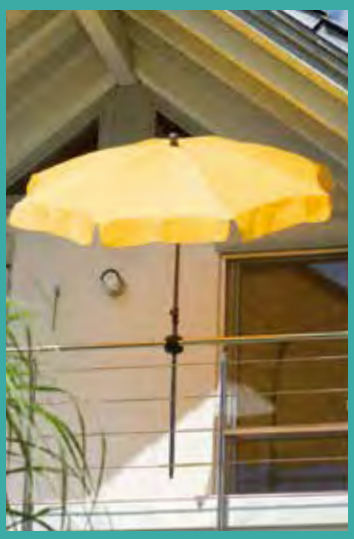

SCHNEIDER Accessories

Made in Germany

Practical parasol holders for stable and secure mounting of parasols on balcony rails. The two half shells of the parasol holder are each securely held by four screws, fastening the parasol pole securely to the balcony rail.

The Allen key needed for this is included.

Fibre-reinforced plastic provides maximum stability and an aesthetic design with no edges or corners.

Premium protective covers

PREMIUM protective covers
High-quality protective parasol covers for your parasols. Made of durable, waterproof and light-proof special polyester fabric. The drawstring features a stopper for closing the protective cover at the bottom to prevent insects and mice from building nests (except 4321-0007).

The sizes for 300 cm Ø and larger also feature a zip and telescoping rod for convenient covering of the closed parasol, without having to remove it from the parasol stand.

Sizes 400 cm Ø and larger also come with an air vent for improved air circulation.

Packaged in a sturdy zip bag with a carrying strap, which can also be used for storage.

Packaging unit: 6 items

145 x 20/25 cm	4321-0007	for parasols up to 200 cm Ø and 225 x 120 cm	4321-0007
183 x 25/35 cm	4322-0007	for parasols up to 300 cm Ø, with zip and rod	4322-0007
250 x 27/45 cm	4323-0007	for parasols up to 400 cm Ø and 300 x 300 cm, with zip, rod and air vent	4323-0007
240 x 57 cm	4324-0007	for hanging parasols up to 400 cm Ø, 300 x 300 cm and 350 x 260 cm, with zip, rod and air vent	4324-0007
